YOUR PLANNING OBJECTIVES

Please identify the reasons you are considering planning or areas you would like to learn more about (select as many as you wish):

Preserve and Maximize Assets

- By minimizing taxes during your life (income taxes, capital gains taxes, estate taxes on inheritances you expect to receive)
- By minimizing or eliminating estate taxes upon your death (up to 55% of your assets and life insurance benefits)
- By reducing estate administration costs through probate avoidance
- By avoiding or limiting MediCal claims on your assets should you require long-term care
- By ensuring that a special needs beneficiary has assets that are protected from government seizure while retaining eligibility for needed services
- By ensuring that your family has enough life insurance to provide a comfortable lifestyle no matter what

- By ensuring that your assets are passed to your descendants and not given away to outsiders, such as spouses, creditors or the government

Protect Yourself and Your Spouse ...

- From malpractice or other creditor claims
- From conservatorship proceedings (aka “living probate”) if you or your partner become incapacitated
- From probate delays and stress upon your death or the death of your partner
- From hospital policies requiring life sustaining procedures when you would rather not endure them
- From healthcare decisions made by people other than those you trust most

Protect Your Children or other Beneficiaries

- From predators who can discover inheritance amounts and target young or vulnerable beneficiaries
- From claims of divorced spouses to take half of your child or beneficiary’s inheritance
- From malpractice claims, for beneficiaries in the professions
- From other creditors’ claims (such as car accident plaintiffs)
- From the stress and delays of the average 16-month process of probate
- From the financial immaturity resulting in a quick loss of an inheritance
- From sharing assets with heirs you would rather disinherit
- From litigation claims by disinherited heirs
- For parents only:* from relatives who would be poor, abusive or even dangerous guardians or from foster care
- For parents only:* from acquaintances and relatives who should not be allowed to be alone with your children
- For special needs beneficiary only:* from neglect in the government care system

Take Charge of Your Life ...

- Get your financial life organized
- Have clarity about your life purpose, goals and dreams
- Benefit a charitable organization or activity
- Support a common family goal through coordinated planning
- Have a plan to leave the world a better place
- Leave behind specific intellectual, spiritual, and human assets in addition to your financial assets.
- For parents only:* By specifying the values, insights, stories and experiences you want passed on to your children and how you want the money you leave behind used for your children.
- For special needs beneficiaries only:* By providing instructions, people, and assets to support your special needs beneficiaries above a poverty lifestyle
- For business owners only:* By providing for the orderly continuation and transfer of family business interests rather than a distress sale

ESTATE DESIGN INFORMATION

PERSONS TO ACT FOR YOU – IF YOU ARE UNABLE

LONG-TERM GUARDIAN FOR MINOR CHILDREN

If you have any children under the age of 18, list in order of preference who would raise them and love them in the manner as close as possible to the way you would for the long-term. Most people name two or three individuals or couples to serve as alternate guardian in the order named. If you are married, we strongly encourage you to agree on these choices rather than name different individuals as guardians in your separate wills. You should select people whom you feel will care for your children in a manner as close as you would if you could, and have the time and ability to care for minor children.
